

MUNICIPALITY OF DUNDURN NO. 314
1000 10th Street
Dundurn, Saskatchewan
S0A 0A0

APPROACH CONSTRUCTION APPLICATION/APPROVAL

Approval to construct and maintain an approach within the Municipality's right-of-way will be granted by the Council provided the following conditions are met:

1. _____, agree to indemnify and save harmless the R.M. of Dundurn No. 314 from and against all loss, cost, charges, damages (including damages to the R.M. of Dundurn No. 314) and expenses which R.M. of Dundurn may suffer or sustain as a result by operations by _____ on subject land. (Name of Contractor)
2. The applicant will absorb the cost and place a culvert in the approach provided on is necessary and ensure that the installation of the approach and culvert does not alter or impede the natural flow of water. The culvert will be of sufficient size (400 mm or larger) to ensure proper drainage.
3. The approach shall be built with a minimum slope of 5 to 1 with a minimum 7 meter (23 feet) road top for the safety of the travelling public.(As per attached typical cross section)
4. There must be an appropriate site distance as established by the respective Division councilor and the Public Works Foreman @ (306) 227-7823.
5. Any approach entering onto a gravel road must be graveled at the time of construction. The R.M. will not be responsible for the gravel.
6. The municipality shall be informed by the Applicant upon completion of the approach and the approach shall be subject to inspection by the Municipality. Any deficiencies identified by the municipality in the construction of the approach shall be corrected immediately by the Applicant and if not done so within a timeframe specified by the Municipality, the Municipality shall conduct the work and charge cost of the works to the Applicant.
7. **Please note:** A development and/or building permit will not be issued without a permanent approach in place or approach application in process.

Land location: _____ (site sketch attached)

The above terms are hereby agreed to this _____ day of _____, 20_____.
